## Editorial

**Dr. Venkita S. Suresh**

Group Medical Director, Kauvery Hospitals, India

Editor-in-Chief of Kauverian Medical Journal

Email: [gmd@kauveryhealthcare.com](mailto:gmd@kauveryhealthcare.com)

Dear colleagues,

Trichy has become the Auditorium for Audits! All departments in turn present Clinical Audits month after month. In April comes the Annual Audit Appraisal evening when the outstanding audits compete to be declared the best.

We open this issue of the KMJ with the Audit on Thrombolysis in Acute Ischemic Stroke at Trichy, by Dr. Santhosh Kumar.

Two unique initiatives follow, presented by Chandru B, Clinical Pharmacist and Technical Editor of Kauverian Scientific Journals.

FIRST is the launch of the FIRST ever **Kauvery e-Registry** on Systemic Lupus Erythematosus. FOUR patients are the inaugural entrants to this registry. Many young women and men suffer grievously from SLE, and we intend to handhold them in the long term, to continue to benefit from the kind attention of our Rheumatologists.

The SECOND is the FIRST publication by Chandru.B and Praveena V.K on Post Discharge Calls on multi - parameters, a caring and competent follow-up on Patient Reported Outcomes.

Thamrabharani flows to Kauvery through FOUR Outstanding Reports!

THREE of them are LANDMARK initiatives from NELLAI, a young, vibrant and dynamic unit.

Interventional Radiology, Diagnostic Radiology, Clinical Neurology, Critical Care and Anesthesiology lend their might to these decisive interventions.

The authors are Drs Amalan, Lakshmanan, Esakki Rajulu, Aditya, Meenakshi, Faizal, Yogesh Kumar, Aravind, Kalpana, Senthil Babu, Kavu Devi and Dr. Ganesan.

Nellai announces its FIRST Endovascular Thrombectomy in Acute Ischemic Stroke.

Equally spectacular interventions follow: Uterine Artery and Bronchial Artery Embolization.

The FOURTH is a BREAKHEART report by Dr. Siraj Fathima et al on a stormy Choriocarcinoma hitting as a bolt from the blue after a healthy term pregnancy.

Trichy chips in: Dr. Kavin et al write on Total Knee Arthroplasty.

Dr. Rajkumari et al write on behalf of Medical Gastroenterology on ' Pioneering EUS-guided Biliary Drainage'.

Radial Road rockets FOUR reports to the Royal Road office of the Kauverian!

Dr. Sindhu Sivanadan et al report on early correction of CTEV.

Dr. Anandraju et al report on a dramatic occurrence of Post Traumatic Pharyngeal Web.

Dr. Anand Raju et al add another dramatic report on a Ticking Time Bomb inside the nose

Dr. Sangeetha et al report on a Ruptured Meckel's Diverticulum.

Dr. Nivetha Kaliamoorthy, DNB Resident in Em Med at Tennur, reminds us of COVID days with her report on Proning at ER for Severe Refractory Hypoxemia.

Dr. Parkavi et al continue the theme of severe pneumonia with her report from Cantonment and highlight the role of Pneumococcal Vaccination.

Mahalakshmi, Phy Asst at Cantonment, returns as an author to Kauverian with her report on IBD overlapping with Ankylosing Spondylitis.

Dr. Meenakshi Paramasivam gallantly returns to fill our Radiology Page with CT Brain spotters.

We close with two reflections - "maa moments" from an antenatal holistic workshop" by Deepa et al, from Radial Road, Chennai.

From " Learning and Development" at Trichy, Dr .Subburethina Bharathi et al write on " Digital Patients Delight".

Do read and write for the KMJ.

Thanks & best regards
